

# Stadt Käseerei

UND RESTAURANT

## EVENING

Everything cheese or what?

The city cheese dairy processes organic milk from farms in the city of Zurich.

Semi-hard, soft, moldy, fresh and countless other cheeses are produced. And the whey is used to make dressings, syrups, cocktails and more. All of which can be found in the range.

Supplemented with selected delicacies, homemade, regional and seasonal, of course.

Workshop is our specialty.  
You can make your own cheese, cook dinner, shake cocktails  
and much more.  
You can also do it with us.

All prices are in Swiss francs and include the statutory 8.1% VAT. Our kitchen team will be happy to provide you with information on allergens and intolerances. Unless otherwise stated, we use Swiss products.
